

AGM DEPARTMENTAL REPORT

NAME OF DEPARTMENT: Music team

WHAT WE DID LAST YEAR:

There were no major changes to the music team this year. The Lord has been generous to us in the church by allowing us to have dedicated team members and the tools we need to effectively praise Him, such as a new drum kit.

The team members continue to demonstrate their commitment and dedication to the ministry and this has allowed us to always have a physical presence to worship the Lord at all times this past year. We are grateful for all that have a part in the music team and pray for their continued commitment in the future.

Several new songs were introduced this past year and they all were very well received by the congregation. We endeavour to introduce more this year.

WHAT WE INTEND TO DO THIS YEAR:

We will continue to aim to improve the music group and continue in the ministry, using the talents God has given us and using them for His glory.

We will look at the possibility of arranging vocal training for the team members.

We will look at team building events to socialise with each other and improve relationships.

We aim to make use of all the opportunities we can for improvement and to minister to the congregation and to others in the local community.

We look forward to opportunities such as praise nights and the carol events.

PRAYER REQUESTS:

Prayer for the right person to be available to help us with vocal training.

Prayer that any events we arrange and attend glorify God and help people come to Him.

Prayer for tolerance, brotherly love and availability for one another.

Prayer for the continued grace of God in our lives to allow us to always be available for this ministry.
